The Minister for Education and Science wishes to inform the management authorities of the Institutes of Technology that following discussions with the relevant representatives, the Department can convey sanction for the application of parallel benchmarking increases to Art Models in accordance with the phasing outlined in section 19.19 of Sustaining Progress. Retrospection will be paid in accordance with this phasing, as per attached scales.

The attached scales and hourly rates are inclusive of the 1 December 2004 Parallel Benchmarking and Sustaining Progress increases applicable to General Operatives and related grades, i.e. they include 75% of the parallel benchmarking increases and 2% under Sustaining Progress.

In accordance with the terms of Sustaining Progress, the parallel benchmarking payment and general round increases under Sustaining Progress will be dependent on verification of co-operation with the productivities and flexibilities agreed, in addition to adhering to the normal provisions included in Sustaining Progress.
