Limited alleviation of moratorium on filling of Posts of Responsibility for 2010/11 school year.

Commencement of revised promotion procedures in second level schools

1. Introduction

The Tánaiste & Minister for Education & Skills wishes to advise school authorities and Chief Executive Officers of VECs of some limited alleviation to the moratorium that is in place since 27 March 2009 on the filling of posts of responsibility. This circular also sets out (at No. 4 below) the position on the commencement of revised promotion procedures in second level schools.

The limited alleviation that is now being introduced is focused on those schools that are acutely affected at Assistant Principal level by the impact of the moratorium. The moratorium will continue to apply as it has done since 27 March 2009 on the filling of vacant posts of responsibility at special duties level including any vacancies arising as a consequence of any promotions to Assistant Principal under these alleviation arrangements. The moratorium will also apply to Assistant Principal posts that are above the minimum thresholds set out in the table at 3(a)(i) below. It should be noted that the moratorium did not affect the filling of Principal and Deputy Principal posts.

The limited alleviation will operate on an interim basis for the 2010/11 school year and will be reviewed by the Department in advance of the 2011/12 school year.

The following alleviation arrangements will apply for 2010/11 school year at primary and post-primary level:

2. Primary level:

The alleviation at primary level will be limited. It is confined to those primary schools that are deemed to be the most acutely affected by the impact of the moratorium on the filling of vacant posts of responsibility at Assistant Principal level. Primary schools that had at least 400 pupils enrolled on 30 September 2009 will be eligible to be considered for some limited alleviation.

Primary schools meeting the above criteria, that wish to be considered for some limited alleviation, should apply to the Primary Allocations Section of the Department by Friday 17 September 2010 setting out their particular extenuating circumstances.

The level of alleviation to be applied at individual school level will be determined in the Autumn when a clearer picture will have emerged on the overall number of vacancies involved and the level of alleviation required.

3. Post Primary level:

The alleviation measures at post-primary level are designed to ensure that schools do not fall below a minimum level of middle management supports at Assistant Principal level.

The alleviation measures at post-primary level will operate as follows:

(i) Assistant Principal posts of responsibility

Assistant Principal posts of responsibility may be filled by school authorities in accordance with the schedule set out in the table below. The schedule applies to vacancies that arose since the moratorium was introduced on 27 March 2009 including those vacancies that occur for the 2010/11 school year.

The schedule in the table, is based on recognised pupil enrolment on approved courses, and it will be used to determine the minimum thresholds for the number of Assistant Principal posts of responsibility in individual post-primary schools.

The pupil enrolments are those pupils that are enrolled in schools on the 30 September 2009.

Pupil Enrolment (30/9/09)	Minimum threshold of Assistant Principal posts in individual post-primary schools
< 100	0
100-199	1
200-299	2
300-399	3
400-499	4
500-699	5
700-899	6
900-1099	7
> 1100	8

Posts of responsibility held on a personal basis must be counted when calculating the threshold of Assistant Principal posts.

If a school is below the relevant threshold set out in the table the school authority may fill the shortfall in Assistant Principal post(s) up to the relevant threshold in accordance with the revised promotion procedures.

Each VEC will be required to inform the Department of the overall number of Assistant Principal vacancies that are being filled under this limited alleviation.

(ii) Programme Co-ordinator Posts at Assistant Principal level

If a school had a vacancy, on or before 1 June 2010, for the position of Programme Co-ordinator at Assistant Principal level then it may also be entitled to some alleviation. The extent of alleviation will be determined having regard to each school's overall position on 1 June 2010 in relation to Assistant Principal posts.

The position in relation to any alleviation that may be done in respect of vacancies arising after 1 June 2010 for Programme Coordinators at Assistant Principal level will be determined in the Autumn when a clearer picture will have emerged on the overall number of vacancies involved.

Vacancies on or before 1 June 2010 – Information requirements from schools

Schools that are seeking alleviation for a Programme Coordinator post at Assistant Principal level that was vacant on or before 1 June 2010 are requested to provide the following information to the Department's Post-Primary Allocations Section if at all possible by Friday 16 July 2010 or as soon as possible thereafter:

- Date the vacancy occurred for Programme Coordinator at Assistant Principal
- The school's overall position, on 1 June 2010, in relation to Assistant Principal posts

It is accepted that the return date is in the school holiday period but unfortunately it was not possible to have issued this circular at an earlier date. To assist schools, the information can be provided by way of a simple e-mail to the Department using the Allocations@education.gov.ie e-mail address. It does not require a formal letter from schools.

When the Department has received the requested information it will then be able to advise individual schools of the existing vacancies for Programme Coordinators at Assistant Principal level that can be filled through these alleviation arrangements.

Each VEC that is seeking alleviation must provide similar information in respect of its relevant school(s).

Vacancies after 1 June 2010 - Information requirements from schools

School authorities should notify the Post-Primary Allocations Section of the Department by Friday 17 September 2010 if they wish to be considered for some alleviation as a result of vacancies for Programme Coordinators at Assistant Principal level arising after 1 June 2010.

(iii) Director of Adult Education at Deputy Principal level:

If a school had, on or before 1 June 2010, a vacancy for Director of Adult Education at Deputy Principal level, the post may now be filled in accordance with the relevant appointment procedures.

Each VEC will be required to inform the Department of the overall number of Director of Adult Education vacancies that are being filled under this limited alleviation.

The position in relation to alleviation measures in respect of vacancies for Director of Adult Education arising after 1 June 2010 will be considered in the Autumn when a clearer picture will have emerged on the overall number of vacancies involved and the level of alleviation required.

School authorities should notify the Post-Primary Allocations Section of the Department by Friday 17 September 2010 if they wish to be considered for some alleviation as a result of a vacancy for Director of Adult Education arising after 1 June 2010.

4. Commencement of revised promotion procedures in second level schools

The revised promotion procedures that have been agreed at Teachers Conciliation Council (TCC) for second level schools are now operative. These procedures are set out at Appendix 1 of this Circular.

Payment of allowance for a Post of Responsibility filled under the alleviation measures set out in this Circular can only take effect in the 2010/11 school year. Payment will be made with effect from the date of appointment to a Post of Responsibility in the new school year.

6. General:
