Re: Regularisation of employment status of certain temporary Public Health Nurses

Arising from the outcome of Labour Court Recommendation 18030 it is now intended, as a once-off arrangement on all outstanding issues, to regularise the employment status of existing temporary Public Health Nurses who have already benefited financially under the terms of LCR 18030.

Accordingly, approval is now granted for those temporary Public Health Nurses identified on the attached list to be confirmed as permanent Public Health nurse as per DoHC Circular 85/2000, subject to:

- Each nurse being entered on An Bord Altranais register for the Public Health Nurse discipline;
- Each nurse having worked continuously as a Public Health Nurse since 1st January 2006;
- Each nurse has already benefited under the terms of LCR 18030;

The deployment and assignment of the appointees is a matter for Directors of Public Health Nursing in consultation with the Regional Human Resources Department, having due regard to normal practice.

In relation nurses who benefited under LCR 18030 and who are not currently employed as Public Health Nurses, those nurses should have their contractual status in their existing posts examined and regularised, where appropriate.

Yours sincerely,

Martin Mc Donald,
National Director of Human Resources.

**Temporary Public Health Nurses comprehended by
once-off arrangement for appointment**
