**Review of Usage of Croke Park Hours – Amendment to Circular 0008/2011**

### **Background**

1. Under the terms of the Haddington Road Agreement, a review of the usage of the additional hours provided by teachers under the Croke Park Agreement took place in 2014.
2. Arising from that review, Circular 0008/2011 was amended by Circular 0052/2014, with effect from the beginning of the 2014/15 school year, providing for an amount of time up to and not in excess of 5 of these additional hours to be available for planning and development work on other than a whole-school basis and as approved by management. The use of these 5 hours was subject to verification and accountability to management.

### **Lansdowne Road Agreement – Further Review of Croke Park Hours**

3. Under the terms of the Lansdowne Road Agreement, a further review of the usage of the Croke Park hours will take place and will conclude so that any changes agreed can be implemented as soon as practicable but no later than the commencement of the 2017/18 school year. The review will have regard to teacher professional judgement, system and school requirements and experience to date of best practice in the utilisation of the hours. Drawing on good practice, the review will make recommendations to optimise the most professional and valuable usage of the additional hours by school management and teachers.

### **Further Amendment to Circular 0008/2011**

4. An amendment to Circular 0008/2011 has been agreed in addition to the further review under the Lansdowne Road Agreement referred to above. Having regard to the fact that the central purpose of the additional time is to provide for certain essential activities to take place without reducing class contact/tuition time, the maximum quantum of time

available for planning and development work on other than a whole-school basis and as approved by management will be increased as follows:

- up to and not in excess of 8 hours with effect from the beginning of the 2016/17 school year;
- up to and not in excess of 10 hours with effect from the beginning of the 2017/18 school year.

The use of these hours is subject to verification and accountability to management.

5. The full revised text of the section of Circular 0008/2011 dealing with additional time is attached for reference at Appendix 1.
6. This Circular supersedes Circular 0052/2014, which is hereby withdrawn.

## **Appendix 1- Revised text regarding additional time from Circular Letter 0008/2011**

### **Additional Time**

1. Additional time of one hour per week is provided for in the Agreement.
2. At present, schools close early or for a day or half days to facilitate activities such as school planning, staff meetings, national inservice provision etc. A central purpose underlying the provision of additional time is to provide for these essential activities to take place without reducing class contact/tuition time.
3. In addition, there are situations where schools require supervision immediately before or after school opening/closing and this additional time may also be used to provide this where needed and for lesser daily periods than those at paragraph 5.
4. Over the course of the primary school year, the additional time provision amounts to 36 hours. Without prejudice to the provisions of paragraphs 5 and 6 below it is expected that there will be consultation at school level as to the optimum usage of this block of hours in order to meet the requirements of the school and to significantly eliminate the erosion of class contact time.
5. The hours in question may be utilised by schools in the manner set out at (a) or (b) below or by a combination of the provisions in (a) and (b).

(a) Having regard to paragraphs 3 and 4 above, school management may designate the usage of the 36 hours in blocks of 1, 2 or 3 hours. These may be scheduled over the course of the 183 day school year and the time period should be scheduled outside the normal school hours.

(b) Where there is a consensus among the school staff to so do, school management may utilise part of the hours in question aggregated as full days, subject to a maximum aggregation of the equivalent of two days, outside of the 183 days during which the school is open for tuition. The maximum applicable here will be subject to review for the school year 2012/2013 in light of the experience of its operation.

6. Having regard to paragraph 4 above, school management may designate the use of the 36 hours to provide additional time to deal with some or all of the following items.
  - school planning
  - continuous professional development
  - induction
  - pre and post school supervision
  - policy development
  - staff meetings
  - nationally planned inservice
  - school arranged inservice

Having regard to the central purpose underlying the provision of additional time as set out in paragraph 2 above, an amount of time up to and not in excess of 8 hours will be available for planning and development work on other than a whole-school basis and as approved by management with effect from the beginning of the 2016/17 school year.

An amount of time up to and not in excess of 10 hours will be available for planning and development work on other than a whole-school basis and as approved by management with effect from the beginning of the 2017/18 school year.

The use of the time available for planning and development work on other than a whole-school basis and as approved by management will be subject to verification and accountability to management.

Paragraph 5(a) of Circular 0008/2011 will not apply to the delivery of these hours, save that they must be delivered outside normal school hours for class/pupil contact and supervision/substitution and in tranches of no less than 30 minutes duration.

The timeframe for completion of this element will be determined by school management.

7. The 36 additional hours are separate from the existing arrangements in relation to parent/teacher and staff meetings. In the case of staff meetings, school management may utilise some of the additional hours to remove the 'half in' element of these meetings.
8. Schools should record the full usage of the additional hours and publicise this in the normal school communication to parents.
