The circular provides guidance to post-primary schools in Gaeltacht language-planning areas regarding the Gaeltacht School Recognition Scheme (hereinafter referred to as the *Scheme*) and the supports which will be available during the period in which schools will be action planning to participate in the *Scheme*. A specific circular about this *Scheme* will also issue to primary schools and special schools in Gaeltacht language-planning areas for the school year 2017/18. Another circular will issue for the 2018/19 school year before the start of that school year. Further circulars will inform schools of the relevant steps in the *Policy* implementation process.

2. Background – Policy on Gaeltacht Education 2017-2022

The Department of Education and Skills' (hereinafter referred to as the Department) *Policy on Gaeltacht Education 2017-2022* (hereinafter referred to as the *Policy*) sets out a comprehensive strategy for education in the Gaeltacht. The *Policy*, which was published in October 2016, is consistent with the Government's *20-Year Strategy for the Irish Language 2010 - 2030* and is one of the Department's commitments included in the *Action Plan for Education 2016–2019*.

The overarching goal of the *Policy* is to ensure the availability of a high quality and relevant Irish-medium education in Gaeltacht schools and, in this way, to support and encourage the use of Irish in Gaeltacht communities. The *Policy* supports immersion education and the use of Irish as the language of communication and instruction to assist with the language acquisition of learners of Irish and the language enrichment of native speakers. In recognition of the challenges faced by Gaeltacht schools, the Department of Education and Skills is committed to ensuring that a dedicated and proportionate range of supports is provided to develop the capacity of recognised Gaeltacht schools to meet the objective of providing high quality Irish-medium education.

A Gaeltacht school is currently defined on the basis of geographical location in a recognised Gaeltacht area. The Gaeltacht Act, 2012 provides for a redefinition of Gaeltacht areas based on language criteria instead of geography. Schools located in Gaeltacht language-planning areas are now eligible to seek recognition as Gaeltacht Schools on the basis of implementing specific language

criteria, set out in section 3.2 of this Circular, and on condition that they are participating in the language-planning processes under the Gaeltacht Act, 2012.

The broad-ranging actions and supports designed to facilitate implementation of the five-year *Policy* are set out under the following seven headings:

- 1) Strengthening the structure of educational provision
- 2) Improving the quality of teaching through Irish
- 3) Building the capacity of school leaders and school management
- 4) Improving the curriculum for Irish
- 5) Improving language resources and supports
- 6) Strengthening early-years' educational provision
- 7) Building awareness of the benefits of Irish-medium education, communicating with, and supporting parents.

The implementation of the *Policy* in schools will begin on a phased basis during the 2017/18 school year. Certain actions will be prioritised in 2017/18. These *Policy* implementation actions will be extended and further actions added over the five-year term of the *Policy*, as resources permit.

The Department's Inspectorate and the Educational Research Centre (ERC) will collaborate on the evaluation of the impact of the *Policy* throughout its term.

2.1 Consultation and community involvement

The *Policy's* actions to strengthen education through Irish in the Gaeltacht are grounded on the principles of partnership and collaboration with local school communities. In order to ensure the successful implementation of the *Policy*, each school participating in the Gaeltacht School Recognition Scheme will be required to support its school community by participating in the local language-planning process and by contributing to the use and maintenance of Irish in the school and local Gaeltacht community. In order to participate in the *Scheme*, a school must create a link with the group or committee responsible for the language plan in the Gaeltacht language-planning area.

Key stakeholders, including the Department of Education and Skills, An Chomhairle um Oideachas Gaeltachta agus Gaelscolaíochta (COGG), the Department of Arts, Heritage, Regional, Rural and Gaeltacht Affairs (DAHRRGA), the Department of Children and Youth Affairs (DCYA), teacher education providers, school management authorities, school communities (principal, teachers, ancillary staff, students and parents) all have particular responsibilities to progress the *Policy* actions.

The Gaeltacht Education Policy Advisory Committee (hereinafter referred to as the Advisory Committee), comprising representatives from the Department and its Agencies, and external stakeholders, has been established to provide advice and feedback on the implementation of actions within the *Policy*. The Advisory Committee will identify challenges and opportunities as they arise to support the effective implementation of the *Policy*. A full list of the membership of the Advisory Committee is attached at Appendix 4.

3. Participation in the Gaeltacht School Recognition Scheme

3.1 Expression of interest in the *Scheme*

Under the terms of the *Policy*, schools located in Gaeltacht language-planning areas are now invited to complete an Expression of Interest Form to participate in the *Scheme*. Schools expressing an interest in participating in the *Scheme* must, through their self-evaluation processes, develop an action plan for improvement. This action plan should clearly illustrate how the school will progress towards compliance with the language-based criteria, as set out in section 3.2 below. The board of management and the school community should be involved in the decision to complete the Expression of Interest Form for participation in the *Scheme*. The board of management should also liaise with the local language-planning committee before making its decision.

Under the Gaeltacht Act, 2012, there is an important requirement regarding a school's participation in the language-planning process in order to foster links with the lead organisation which is responsible for the preparation and implementation of the language plan in the language-planning area in which the school is located. This means that the school would assist with the promotion and use of Irish in the school and in the local Gaeltacht community.

The Department strongly advises schools to participate in the *Scheme* from the start in view of the educational advantages regarding language learning and also as a means of responding positively to the current challenges facing the status of Irish as a community language in the Gaeltacht. While early participation in the *Scheme* will expedite the realisation of the *Policy's* objectives, schools in Gaeltacht language-planning areas will be given the option to participate in the *Scheme* at a later stage during the five-year term of the *Policy*.

An awareness-raising campaign to generate interest in the *Scheme* will be organised in collaboration with the other relevant Government Departments and agencies to support schools and their communities in this important decision-making process.

When a school has made the decision, in consultation with its school community, an **Expression of Interest Form** at Appendix 1 must then be completed and sent electronically to aog@education.gov.ie or by post to: An tAonad um Oideachas Gaeltachta, An Roinn Oideachais agus Scileanna, Bloc 3, Sráid Maoilbhríde, Baile Átha Cliath 1, DO1 RC96 **not later than 15 June 2017**.

3.2 Language-based criteria for recognition as a Gaeltacht post-primary school

An action plan for improvement will set out the way in which the post-primary school intends to fulfil the language-based criteria below, in a phased manner, **within the five-year term of the *Policy***.

While working towards attaining recognition as a Gaeltacht post-primary school, and with the additional supports which will be provided, **post-primary schools participating in the *Scheme* will be expected to:**

| Language-based criteria for recognition as a Gaeltacht post-primary school | |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | Extend the availability of a full curriculum through Irish, apart from the English and other language curricula, as the Gaeltacht school moves towards a total-immersion approach ³ |
| 2. | Deliver high quality educational experiences through Irish to all students focusing particular attention on the differentiated language needs of native Irish speakers, ⁴ as well as learners of Irish |
| 3. | Develop a whole-school action plan for improvement that will: <ul style="list-style-type: none"> • set out how the school will ensure the use of Irish as the language of communication, instruction and socialisation within the school and • communicate and promote the benefits of learning Irish and learning through Irish to the school community (principal, staff, students, parents and board of management) |
| 4. | Review the quality of educational provision through Irish to ensure continuous improvement through the school self-evaluation (SSE) process |
| 5. | Implement L1 ⁵ specification for Irish at Junior Cycle |
| 6. | Use Irish-language resources, ⁶ when available, to support the teaching of all curricular areas through Irish, apart from English and other languages |
| 7. | Deliver curricular, co-curricular, and extra-curricular activities (where provided) through Irish |
| 8. | Support their school community in the language-planning process (under the Gaeltacht Act, 2012) by contributing to the use and maintenance of Irish in the school and local Gaeltacht community |
| 9. | Prioritise the use of Irish in communicating with parents, the local community and other parties |
| 10. | Establish useful and mutually-beneficial language and educational links with other local Irish-medium primary and/or post-primary schools by utilising online and blended-learning opportunities |
| 11. | Make every effort to recruit teaching and ancillary staff that are proficient in Irish, and have a knowledge and understanding of pedagogical practice relevant to teaching through Irish as well as an understanding of the language and cultural dynamics of the Gaeltacht. |

³ Total-immersion means that the learning environment operates solely through the target language (in this case, Irish as the first language of the school) with the exception of English and other languages. This enables the fuller development of students' language proficiency.

⁴ A native speaker of Irish is defined as a child who is raised through Irish in an Irish-language community and whose parents speak Irish as the main language of communication in the home, such being declared at the point of enrolment for school (*Policy on Gaeltacht Education 2017-2022*, p 11)

⁵ L1 refers to Irish as the main language of the school in relation to teaching and learning, and communication in official, administrative and recreational affairs.

⁶ The COGG website www.cogg.ie provides a variety of resources to support teaching through Irish in primary and post-primary schools in Gaeltacht language-planning areas.

4. Programme of supports for post-primary schools to participate in the *Scheme* (September 2017 to June 2018)

- **Seminars for school communities:** In Autumn 2017, COGG, in collaboration with the Department and other interested parties, will co-ordinate seminars intended to raise the awareness of boards of management, parents and representatives from language-planning committees. These seminars will be organised on a cluster basis in Gaeltacht language-planning areas. The objective of the seminars is to raise awareness to support and enhance Irish-medium education in schools participating in the *Scheme*.
- **Continuing Professional Development (CPD):** Post-primary schools participating in the *Scheme* will be provided with additional CPD, which will be co-ordinated by COGG in conjunction with relevant support services and the Inspectorate. This CPD will comprise two seminars for principals and one other member of the teaching staff in Autumn 2017 to assist schools to ensure that there is a whole-school focus in their action-planning processes to enhance the quality of education through Irish. Follow-up workshops will be provided in school clusters from January to June 2018 in response to identified local needs to strengthen Irish-medium educational provision. If necessary, and as resources permit, substitution for attendance at these seminars/workshops will be provided.

A schedule of the information seminars and CPD for post-primary schools participating in the *Scheme* will be provided by COGG in collaboration with other support services, as necessary, in advance of each school term.

- **Additional hours to support action-planning in the school year from September 2017 to June 2018:** In order to support post-primary schools participating in the *Scheme*, additional hours, relative to school size, will be provided for post-primary schools. These hours must be used by post-primary schools in the period **September 2017 to June 2018** for the purpose of progressing whole-school action-planning linked to the language-based criteria for Gaeltacht school recognition, as set out in section 3.2. The allocation of these hours for the school year from September 2017 to June 2018 is as follows:
 - **Small post-primary schools** in Gaeltacht language-planning areas with an enrolment of less than 150 students will be allocated 2 hours per week per school to engage in action-planning
 - **Medium-sized post-primary schools** with an enrolment of 150-300 students will be allocated 4 hours per week per school to engage in action-planning
 - **Large post-primary schools** with an enrolment of more than 300 students will be allocated 5 hours per week per school to engage in action-planning
- **Inspectorate Support:** A dedicated team of inspectors will provide advice, support and feedback to schools participating in the *Scheme* on their target-setting and whole-school action planning for improvement using language-based criteria for recognition as a Gaeltacht school.
- **Grant allocation:** On approval of a school's whole-school action plan for improvement, and in preparing for the implementation of the action plan, a grant will be allocated to each post-primary school participating in the *Scheme* in April to June 2018, to pay for additional Irish-medium resources. Post-primary schools will be required to retain all records of expenditure incurred for audit purposes in accordance with public procurement procedures.

- **Piloting the establishment of an Irish-medium e-learning hub:** The Department intends to explore the possibility of establishing an Irish-medium e-learning hub in a post-primary school that is participating in the *Scheme* to connect with classrooms in other post-primary schools in the *Scheme*. This would facilitate the provision of virtual-learning opportunities among post-primary schools in order to extend the range and variety of curriculum options available to students through the full post-primary cycle.

5. Summary of actions for post-primary schools in Gaeltacht language-planning areas from April 2017 to June 2018

Each school participating in the *Scheme* will be obliged to draft an action plan focussing on improvements in their Irish-medium educational provision that is linked to language-based criteria and the specific school context, as referenced in section 3.2 of this circular. Following the approval of schools' action plans by the Department of Education and Skills in **Spring 2018**, schools will be granted additional supports, as the *Scheme* commences, and as each stage of the *Scheme* is successfully completed.

6. School self-evaluation and whole-school action planning to strengthen Irish-medium education

The Department adopted school self-evaluation (SSE) as the strategy for school improvement in 2012. This builds on the school-development planning process, which schools are required to engage in under the Education Act, 1998. Through SSE, schools reflect on and review their day-to-day management practices and their policies, with a particular focus on teaching and learning. SSE provides all schools with an internal process for developing, progressing, reviewing and updating action-plans for improvement on an annual basis. SSE provides each school in Gaeltacht language-planning areas with a framework for developing its own action-plan to strengthen Irish-medium educational provision.

Schools in Gaeltacht language-planning areas participating in the *Scheme* should, within their own particular contexts, use the SSE process when planning for improvement to strengthen Irish-medium education, and partnership with parents and others. The SSE and school-development planning processes that schools use are vital to each school's preparation of its application to participate in the *Scheme*, and subsequently, to their whole-school action plan linked to language-based criteria. The action plan for improvement developed by schools participating in the *Scheme* will satisfy the requirements of SSE (as required under Circular 39/2016).

Post-primary schools in the DEIS (Delivering Equality of Opportunity in Schools)⁷ programme are required to develop and implement improvement plans on a number of themes (literacy, numeracy, attendance, retention, progression, examination attainment, links with parents and with agencies in the community) as a condition of their participation in DEIS. These schools should combine their action-planning for improvement in respect of the DEIS themes and action-planning linked to language-based criteria in respect of recognition as a Gaeltacht school. **Hence, only one joint document is required containing an SSE report and an improvement plan, which covers the DEIS themes and the school's actions to strengthen education through Irish.**

Following schools' completion of the expression of interest form, post-primary schools participating in the *Scheme* will have a period of time from September 2017 to January 2018 to develop an action plan for improvement linked to language-based criteria and the school context. Principals from schools expressing an interest in the *Scheme* will be invited to attend CPD sessions from Autumn 2017 to assist them in developing a whole-school action plan for improvement, in order to meet the overarching goal of the *Policy* to improve the quality of Irish-medium education in Gaeltacht schools.

Another step towards participation in the *Scheme* is the approval of the whole-school action plan for improvement in Spring 2018. Subject to a positive outcome of the review of the plan, a grant for the purchase of additional resources that are specifically related to Irish-medium provision will be awarded to those schools following approval of their action plan.

An example of a template for an action plan linked to language-based criteria for recognition as a Gaeltacht post-primary school is attached as Appendix 1. Schools may use these templates and adapt them to the school's context. Other samples are available on the SSE website at: <http://schoolself-evaluation.ie/post-primary/resources/reporting-sse/>. Where relevant, the DEIS planning templates designed by the school development planning initiative may also be of assistance to schools. These are available at <http://www.pdst.ie/node/sdpi/>.

7. Allocation of additional resources and supports: January 2018 to June 2019

January 2018 to June 2018

Once each school's whole-school action plan for improvement has been reviewed and approved by the Department in Spring 2018, a grant will be allocated to enable schools participating in the *Scheme* to purchase Irish-language resources, as outlined in section 4 and section 5 of this circular.

September 2018 to June 2019

A new circular will issue in Spring 2018 containing details of the additional dedicated resources and supports that will be provided for post-primary schools participating in the *Scheme* from September 2018. It is anticipated that such resources will include further CPD opportunities and language supports for schools.

⁷ DEIS Plan (2017) available at: <http://www.education.ie/en/Schools-Colleges/Services/DEIS-Delivering-Equality-of-Opportunity-in-Schools-/>

8. Lack of engagement with the process following application for Gaeltacht school recognition

Under the *Policy*, schools in language-planning areas will be assisted, on a phased basis, towards full-immersion through Irish in order to attain recognition as a Gaeltacht school. The continuing participation of schools taking part in the *Scheme* will be contingent on satisfying the conditions of this circular. Schools must demonstrate adequate progress in the achievement of the language-based criteria in their action-planning for improvement processes.

8.1 Removal of a school from the Gaeltacht School Recognition Scheme

Where the Department, at any time, is satisfied that the conditions of the *Scheme* are not being fulfilled/ complied with, the right is reserved to remove a school from the *Scheme*. The Inspectorate and the Department's Gaeltacht Education Unit will, as required, monitor progress in this regard, as appropriate.

In case of dissatisfaction with the Department's decision regarding any specific aspect of the administration of the Gaeltacht School Recognition Scheme, an appeal will be considered by an independent panel.

9. Co-ordination of supports for implementation of the *Policy* (2017 – 2018)

9.1 Gaeltacht Education Unit

The implementation of the *Policy* commenced with the establishment of a dedicated Gaeltacht Education Unit in the Department of Education and Skills to strengthen the structure of Irish-medium educational provision in Gaeltacht language-planning areas and to:

- manage and provide support for the phased implementation of the *Policy*
- administer and manage the Gaeltacht School Recognition Scheme and liaise with Gaeltacht communities and schools
- oversee the allocation of resources and supports to schools in collaboration with relevant sections of the Department and other agencies
- monitor the implementation of the *Scheme* in schools in collaboration with the Department's Inspectorate in order to strengthen Irish-medium educational provision.

9.2 An Chomhairle um Oideachas Gaeltachta agus Gaelscolaíochta (COGG) – Actions in 2017 2018

The Gaeltacht Education Unit will be supported by COGG in the implementation of the *Policy*. COGG will co-ordinate the delivery of particular supports and initiatives for Irish-medium Gaeltacht education in collaboration with the Gaeltacht Education Unit and various support services. Additional resources have been allocated to COGG to co-ordinate certain actions relating to the *Policy* to support schools opting to participate in the *Scheme*.

Measures to be implemented by COGG from 2017 to June 2018 include:

- the co-ordination of awareness-raising seminars on the *Scheme* and on the benefits of Irish-medium education for parents and representatives of boards of management and language-planning lead organisations
- the co-ordination of the provision of CPD to the principals and teachers of schools participating in the *Scheme*
- the co-ordination of the development of networks for schools participating in the *Scheme*
- the provision of additional research bursaries to principals and/or teachers participating in

the *Scheme* to engage in research on Irish-medium and Gaeltacht education.

- the further development and enhancement of the COGG website as an Irish-medium resource portal for schools in Gaeltacht language-planning areas, where high-quality Irish-language resources will be available.

9.3 Support from the Inspectorate

A team of inspectors has been assigned to assist in the work of the Gaeltacht Education Unit and to support and advise schools that opt to be recognised as Gaeltacht schools. From September 2017 onwards, these inspectors will:

- engage with clusters of schools that have opted to participate in the *Scheme* and provide support for them
- provide advice, support and feedback to schools on their target-setting and whole-school action planning for improvement using language-based criteria for recognition as a Gaeltacht school, as set out in section 3.2
- monitor and report on the impact of the *Policy* and on schools' achievement in relation to the language-based criteria
- provide advice, recommendations and report to the Department regarding the admission of schools and the continued participation of schools in the *Scheme*.

The Inspectorate will also work closely with COGG and the various school support services to ensure an integrated, consistent approach to school improvement in Irish-medium schools.

10. Additional Information/Queries

During the implementation phase, the Gaeltacht Education Unit will engage in close consultation with other relevant agencies, with the support of COGG, regarding the development of a communications strategy, the provision of information and guidance to schools, and the delivery of actions in the *Policy*.

Frequently-asked questions (FAQs) on the application process and on the implementation of the *Policy* will be available on the Department's website, and will be updated regularly to reflect the queries and feedback from schools and the Advisory Committee.

Queries in relation to the operation of the *Scheme* or other queries relating to the implementation of the *Policy* should be forwarded electronically to aog@education.gov.ie or addressed to: **An tAonad um Oideachas Gaeltachta, An Roinn Oideachais agus Scileanna, Bloc 3, Sráid Maoilbhríde, Baile Átha Cliath 1, DO1 RC96**

Principals of schools in Gaeltacht language-planning areas are asked to please bring this Circular to the attention of each member of the board of management, teachers (including those on leave of absence), students, the school patron, ancillary staff, parents/guardians, and the local school community. This circular may be accessed on the Department's website at: www.education.ie. An Irish-language version of this circular is also available on the Department's website.
