Revision of Capitation Grant Rates for
Voluntary Secondary Schools in the Free Education Scheme

1. Introduction

The purpose of this circular is to set out the revised per-capita rates applicable to capitation grant funding allocated to Voluntary Secondary Schools in the Free Education Scheme with effect from 1st September 2019.

This circular replaces Circular 0029/2016.

2. Purpose of Capitation Grant

Capitation funding is intended to contribute to the day to day running costs of schools and consequently should be used to meet the cost of items such as heating, lighting, cleaning, insurance and general upkeep in schools. It should also be noted that a proportion of the grant is intended to be used by schools to assist with the purchase of teaching materials and resources.

Capitation funding provided for general running costs and funding provided for caretaking and secretarial services may be regarded as a common grant from which the Board of Management can allocate according to its own priorities. Please see Circular 0048/2009 for more information which is available at
