

Reference No: F46/12/24 ; **Date:** 19/12/1927

Circular 34/1927:- Deductions from Salaries in respect of certain Insurance Policies.

A Dhuine Uasail,

I am directed by the Minister for Finance to refer to Circular No. 4/27 relative to the deduction from the salaries of Civil Servants of premiums on Insurance Policies issued to cover advances made to them for the purpose of building or purchasing houses for their own occupation, and to state that he has now decided to extend the facilities granted by the Circular, so as to include those cases in which policies are taken out with a view to loans being made at a future date.

As a consequence of this concession, the letter from the Insurance Company referred to in the last sentence of Circular No. 4/27 should indicate that the Policy was issued to cover a loan made or to be made to the Officer concerned for the purpose of building or purchasing a house for his own occupation.

A return should be furnished to this Department not later than the 15th January, 1929, showing the number of cases in which deductions are being made under the authority contained in Circular No. 4/27 and this Circular, indicating separately cases in which policies were taken out to cover future loans.

Mise, le meas,
J.J. Mc Elligott
