C:\Documents and Settings\feeb\Local Settings\Temporary Internet Files\OLK31\General Council Report xxxx (2).rtf

1. The annual review of travel rates, in accordance with a methodology agreed with the Staff Side indicated decreases in 2 of the travel rates in 0 to 4000 miles category (up to 6437km). There is an increase in the up to 4000 miles (over 6437) category for the cars with an engine capacity over 1501cc and increases in all of the over 4000 mile (over 6437 km) rates.
2. There were falls in insurance costs and some of the average car prices for the period March 07 to March 08. Increases incurred in petrol, diesel, servicing/ maintenance, oil and tyre replacement. The overall effective is that most rates showed a bigger increase in the 4001 + (above 6438km) rates where running costs have a greater impact than the 0 – 4000 rates.
3. It was agreed with the Staff Side that the reduced rates would not apply and that where falls in the rates should have applied the rates would be left at 2007 levels.
4. The rates to apply from 1 July 2008 are set out in Appendix I.
5. This report was adopted on 25 June 2008.
